The Society reserves the right to alter the published programme as necessary.

For the 2010 event, we are welcoming members of our sister organisation from Germany, the German Society for Horology (Deutsche Gesellschaft für Chronometrie) and we envisage that two of the lectures will kindly be given by their members. We look forward to welcoming as many members as possible, and guests are also welcome; please come and give us your support. The full day programme charge of £20 covers the costs of buffet lunch and refreshment breaks.

As in previous years, all other expenses will be met by the Society and proceeds from the raffle. There is no charge for members wishing to attend the AGM only between 14.00 and 14.30.

Time has been allocated at lunch time for visits to the Royal Observatory, where there should be something on show of special interest to members in the workshop.

Please complete and return your booking form to Ticehurst as soon as possible as places will be limited. General enquiries, and those concerning the AGM, to Ticehurst please, and enquiries concerning the rest of the events at Greenwich to the Hon Programme Organiser, Jonathan Betts (07939 556882) or the NMM conference organiser, Janet Norton (020 8312 6716).

As a separate event, a dinner in the evening, possibly to be held in the grand surroundings of the Old Royal Naval College in Greenwich, has been proposed, and further details will be available in the March issue of the Journal. If applying to attend the day event, please indicate if you would be interested in attending the dinner as well. The cost is likely to be about £90 per head.
